RE: Construction of Field Support Area  
Albion-Sheridan Landfill Site - Albion, Michigan

Dear Mr. Sharp:

In response to a question from one of the potential bidders, we are hereby issuing Addendum No. 3 to describe the telephone service that is required for the project site. Telephone utility service is identified as part of the scope of work in SUMMARY OF WORK, Section 01010, paragraph 1.08E., but the detailed specifications for telephone service were inadvertently omitted. Those details are explained in the attached Addendum No. 3.

If you have any questions, please contact Elizabeth Uhl or myself at our office.

Very truly yours,

WW ENGINEERING & SCIENCE  
ARCS Program Management Office

Carl A. Malsom  
ARCS Program Manager
